Place: Patna

Date: 24/05/2017

To,

Mr. B.K. Mehta

Liaison Officer

Ref:- The Committee's ineffectiveness without any progress and infrastructure etc.

Dear Sir,

I assumed charge on 17/04/2017 and right from the day one, I have been asking for completing the Committee by getting nominations from M.C.I., engaging one Chartered Accountant and one independent Member, as required. Since, to move in this regard, it is essential to have infrastructure and remuneration/honorarium paid to the employees or members determined. But, unfortunately, in spite of repeated requests nothing is done. I am always being told by you that file is in movement with the High Authorities of the Department. During such alleged movement, the telephone provided in the Chambers is also dead due to non-payment. It is also unfortunate that even my pay slip also could not be prepared by the office of the Accountant General, as learnt, due to some official laches of the Department, but nobody is here to take care of and ensure payment to me, which in the natural course must have been, if not, on the last day of April by the 2nd day of this month.

You are, hereby, requested to get everything corrected within forty eight (48) hours and also ensure your submission in writing explaining the causes behind such inactions.

Yours

24-05-2017

Justice Akhilesh Chandra
